### Catch-Up Funding Report 2019/20

The Year 7 catch-up premium is a fund to support pupils who did not achieve the expected standard in reading and/or Maths at the end of Key Stage 2.

Madani School received £4,869 in catch-up premium in 2019/2020 and this funding will be used for interventions to narrow the gap by providing intensive literacy and numeracy support and raise the attainment of those students entitled to catch up premium.

Specific strategies being employed that utilise the catch-up funding this year are discussed below:
