

Weaving is the interlacing of threads; it involves two threads which are crossed over and under each other. Many types of weave can be created.

Pattern

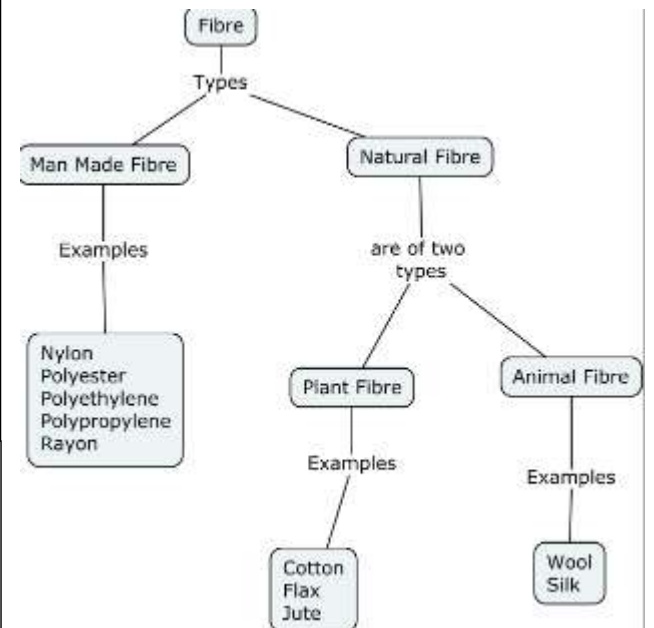

- A form or sequence in the way in which something happens or is done. (behaviour pattern)
- A repeated decorative design
- An artistic, musical, literary, or mechanical design.

Iznik

- Iznik is the name of the town in Turkey. The ceramic designs found here are named after the town. Iznik designs date between the 15th and 17th centuries.
- Some of the popular designs include a stylised leaf, tulips and flowers in red, blue and green against a white background with a bold black outline.

Embellishments

The word appliqué comes from French, and it means applied – (the fabric has been applied to the textiles surface.)

Embroidery is the technique of decorating fabric with beautiful stitches made with embroidery thread or yarn.

It can be done by hand or machine and is made up of a huge variety of stitches and styles.
